HARDY HEARING WITNESS ACCUSED

TESTIMONY OF WRITER SCORED

SACRAMENTO, April 9.—(U.P.)—Reckless Jackson Berger, a Los Angeles newspaperman, who already had testified to the grand jury, today scored the testimony of Arthur W. Hardy, writer, by alleging that Berger told another witness that his testimony earlier in the day was "all wet."

Berger was summoned to explain statement made to Arthur W. Moore, clerk in Judge Hardy's court in Los Angeles, and also a witness in the case.

Calling of Berger came as a complete surprise. As Berger seated himself in the witness chair, Rex Hardy, son of the judge, rose and said:

"Mr. Berger, have you not told to Arthur W. Moore since you testified this morning?"

"I have," answered Berger. "Didn't you ask him the date when Judge Hardy returned from his vacation last year?"

Testimony challenged. Moore volunteered this information. "Then didn't you say to Moore, 'If Judge Hardy returned from his vacation as you were telling me to Jimmy this morning, that I talked to him on Sept. 1, was all wet'?"

FILM PAIR SEPARATED

HOLLYWOOD, April 9.—(U.P.)—The romance of Betty Compson, blonde screen actress, and James Cruze, her director husband, ended in separation today.

Miss Compson explained that "Jim just will stay home nights" even when there are professional parties and premieres that are a vital part of Hollywood's life.

Cruze continued the separation with a break. "Yes, it's true, but I'd rather have anything else than a divorce," she said.

No immediate divorce actions are contemplated, Miss Compson said, but she added that such proceedings will ultimately climax the friendly break.

Cruze, famous for his pioneer production, "The Covered Wagon," could not be hired from his first side in the evening, but on Sunday it was worse, the blonde actress said. For on Sunday the hospitality of which all Hollywood is aware, opened the doors of the Cruze estate from early morning to late at night. On this day, her one in the week away from film work, Miss Compson could not meet her explained.

Cruze and Miss Compson have been married about six years. The marriage was the actress' first, but Cruze had been married previously to Marguerite Shaw of the films.

ABELARDO RODRIGUEZ

Regardless of what difficulties General Rodriguez may meet with Governor Phillips over using Arizona territory for the government of his troops, the Lower California governor ought to emerge from the present rebellion with increased prestige in Mexico. He is as near as any Mexican governor to an independent prince, ruling his territory much as he likes with little oversight from the national capital.

In Lower California he runs with a system almost Yankee. It is true one of the blots on the western hemisphere is to be found at Tia Juana, the infamous old red-skirted "Aunt Jane." But even the vice there dispensed as a commodity is pretty well controlled. At least it pays, and we are told the "cut" which Rodriguez sends to Mexico City from the gambling, drinking and race track concessions amounts to a million and a half dollars a year.

It was his American viewpoint that led the governor to spend the beginning of the rebellion period in Arizona attempting by persuasion and conference to talk the revolting leaders into submission. And it is his hard-headed and business like way that when he failed to talk these pouting statesmen and "generals" over, he made ready to shoot it out with them. His troops are now reported to be trudging across the desert of the Altar district south of Ajo, on land where the only water is to be found in the rock crannies after a rain, where antelope and mountain sheep reside among the giant cacti and the ancient volcanoes mark the shimmering skyline. Ahead of these soldiers is Nogales, which the rebels have held in peaceful possession since the very beginning of the revolt.

It is more than an even bet that Abelardo will take Nogales if he follows through. He may be outnumbered but he has airplanes and probably a lot more determination than some of the rebel leaders.

SOMETHING TO ARGUE ABOUT

People think that metaphysics is the last word in abstruse science but the logical development of Einstein's physics throws all that discussion in the shade. When the analysis of reality is carried through, Einstein's system presents the amazingly simple structure of all reduced to a subject and predicate, thus: Space is:

The trouble with all of us trying to comprehend what is about us, is that we fail woefully to divorce our own personalities from the argument. We fail in degree as we fall short of Einstein's understanding, to achieve a perfectly non-egocentric point of view.

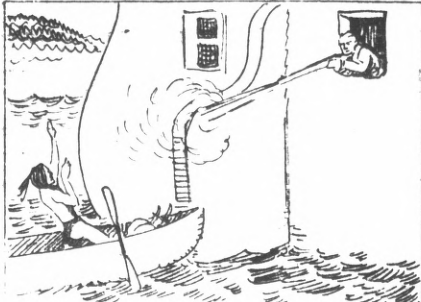

Once arrived at the point where we can discard all evidences of the senses, and consider the universe solely on a rational basis, ergo, mathematically, we learn a language that is as comprehensive as Nature in whatever manifestations she takes. Thus we circle the complete fact and finally resolve it into understandable terms. We learn that all we need to do is to establish space as the reality and its own reference point, and then all things whether material particles, phenomena of energy and Mind, itself, become slats in the lattice work of the All.

Having completed the circle we find that we have got nowhere, and that the only gain which can be banked is the increased energy of our thoughts which thrive on exercise precisely as do muscles.

The most we can find out about this reparations conference from the newspapers is that the allies claim the Germans are rolling in wealth and the Germans claim that if they are called on to pay any more reparations they will have to pawn the watch on the Rhine.

Europe has experienced the coldest March on record. Here's a chance for some of our internationalists to help by shipping a lot of their hot air over there.

difficulty. In fact "Ma" was so exuberant over her reconciliation with Aimee punctuated not only by the telegram but by a long distance telephone call placed by Aimee herself, that she wanted to talk of it rather than the suit itself.

"If I did all the things he says I did, no one but a rat would take such proceedings," she declared and her eyes flashed.

"I fed him. That is nothing. I've fed thousands. So has my daughter."

"I am not worried. Do I look worried?" she asked. She didn't.

Local Red Cross Makes Report Of Work In March

A report of the work of the Richmond chapter of Red Cross was made yesterday afternoon from the offices of the local chapter in the First National Bank building at Sixth street and Macdonald avenue.

During the month 15 new cases were reported to the local office and 13 of these were handled here.

One case of nursing service was secured; one case of government insurance; two of relief and family adjustment; one complete investigation and report to veterans' bureau; two loans on adjusted service certificates; one case of the locating of a missing man; one pension application; one hospitalization case; one compensation case; one duplicate discharge and one physical examination were reported.

Traffic Officers Check Licenses Of Chauffeurs

SACRAMENTO, April 9.—Traffic officers were notified today by George F. Maynard, chief inspector of the Division of Motor Vehicles, to redouble their efforts to round up chauffeurs who have thus far failed to renew their license for the current year.

The law requires the annual renewal of such licenses and the payment of a fee of \$2.

Records of the division show that only about 48,000 chauffeurs have complied with the law this year although there were more than 130,000 registered in 1928.

Officers were instructed to arrest every person who has not made application for a new license or who refuses to do so.

CONTRACTORS AHEAD OF SCHEDULE ON WATER WORK

Work is progressing satisfactorily on the construction of the tunnels, dams and reservoirs of the East Bay Utility district according to a report just filed with the board of directors by Arthur P. Davis, chief engineer and general manager. Most of the work is ahead of schedule, Davis reports.

The report in full follows: To the Honorable, The Board of Directors, East Bay Municipal Utility District, Oakland, California. Gentlemen:

During the month of March work was continued on the design of structures for the Wildcat and Sequia aqueducts, Claremont laboratory, and the connections between the Claremont tunnel and the Wildcat and Sequia aqueducts. Data was prepared for the annual report of the district.

The Lock Joint Pipe company having completed the Sequia aqueduct, has continued work and made good progress on the Wildcat aqueduct. During the month of March, 801 standard pipe sections and 20 special sections were hauled from the yard to the point of placement, having 66 standard and 4 special sections in the yard. Altogether 462 feet of pipe were laid during the month.

The Plaza Tunnel has been holed through and 64 feet of pipe were laid in March, which completes the excavation and pipe laying in this tunnel.

The Wildcat aqueduct as a whole is 85 percent completed and the time elapsed is 77 percent. It appears that this contract will be completed considerably ahead of time.

The Sequia aqueduct, so far as contracted, has been tested again and shows a great improvement over the official test. The leakage shown by the latest test is 361 gallons per mile per hour, which is only about 17 percent of the amount of leakage shown on the official test on which the aqueduct was accepted. This is due to the gradual closure of minute leaks which existed at the official test. It is a remarkably tight line of pipe.

Claremont Tunnel Grier and Mead have continued work on the Claremont tunnel with 75 men. They are still greatly hampered by the abundance of water flowing from this tunnel. During March 567 feet of invert lining were placed, making a total to date of 16,938 feet, leaving 1,066 feet of invert yet to place. After this invert is placed the water will give much less trouble. Two hundred twenty feet of arch lining was also placed during the month, making a total to date of 8,642 feet, leaving 9,362 feet of arch yet to be placed. The flow of water on March 1 was estimated to be 125 gallons per minute. On March 31 it was 1215 gallons per minute, a decrease for the month of 210 gallons per minute, or 16 percent. The Claremont tunnel is 81 percent completed and 88 percent of the extended time has elapsed.

The maintenance force has maintained pressure on the steel pipe aqueduct by pumping from Indian slough and water is being forced through the Walnut Creek tunnel into Lafayette creek. The consequent which shows no visible leakage. This force is continuing the installation of the 1-inch air valves and pressure air relief

valves. Pardee Tunnel At Pardee tunnel, 11,270 feet of concrete invert are in place and the remainder, 206 feet must await the installation of the pipe in the western end of the tunnel. During the month of March, 2230 feet of arch lining were placed, making a total of 7229 feet to date, leaving 4356 feet yet to be placed. This contract is 82 percent completed and 61 percent of the time has elapsed.

Lynn S. Atkinson, contractor for the Pardee dam, excavated 1,500 cubic yards of materials from the foundation during March and placed 41,000 cubic yards of concrete, making a total of 54,500 cubic yards placed to date. The weight damage of all concrete placed in the dam to March 1, 1928, shows a compressive strength of 3185 pounds at the age of 3 months, 3450 at the age of 6 months, and 3580 at the age of 1 year. This contract 98.80 percent completed and 50 percent of the time has elapsed.

South Spillway On the south spillway excellent progress was made and the apron and ogee section are complete and concrete is now being placed on the bridge across the spillway. This contract is 95 percent completed and 81 percent of the time has elapsed.

On the Jack on Creek spillway 2501 cubic yards of concrete were placed, making a total of 10,475 cubic yards of concrete in the spillway structure and embankment paving. This contract is completed except for some finishing work which will be done in the next week or so. The contract is 97 percent completed and 87 percent of the time has elapsed.

The storage in Pardee reservoir was started on March 9, and has been continued every since. The water level is now at elevation 234 with 29,000 acre feet in storage. One 42 inch outlet has been left open during this time and is discharging about 250 cubic feet per second.

DRIVE AGAINST RECKLESS CAR DRIVERS ON

OAKLAND, April 8.—The older they are, the tougher they are when it comes to reckless driving, according to C. C. Young, Commissioner of Public Health and Safety, one of the members of the board of governors of the Eastbay Safety council, who is carrying on Oakland's portion of the state wide campaign against this type of automobile drivers during April.

Figures compiled by Young showed that the largest number of reckless drivers are between the ages of 20 and 30 years but that there is also a dangerous increase in the latter class of persons in the latter classification have been arrested for reckless driving recently and eight between 30 and 40 years of age.

19 Convicted Young is informed by Sgt. Ira J. Goody, of the motorcycle squad, that the greatest amount of trouble in making arrests and getting convictions is among the older generation. According to Goody, if a man or woman between 50 or 60 is stopped for reckless driving, they are much given to argument and pleas of innocence on the ground that they could not possibly be reckless as they are a mature age. Younger people, it was said, are more inclined to be philanthropic and to accept the situation as a matter of course.

Only two persons between sixteen and 18 years of age have been caught in the reckless act recently. Four were between 18 and 20, fourteen between 20 and 40 and eight between 40 and 60, making a total for the first three months of 1929 of 18 men and 1 woman. All of the 49 have been convicted.

Campaign On East Eleventh street, well known as the scene of the greatest number of automobile fatalities in Oakland, was the thoroughfare where the largest number of reckless drivers were caught.

Commissioner Young announced that the campaign against reckless drivers will be continued even more vigorously in the future and that Oakland will be definitely a part of the movement being carried on throughout the state during the month of April to reduce this type of motor vehicle violations. The campaign will be under the joint direction of the Oakland police department and the Eastbay Safety council, one of the agencies of the Oakland Community chest.

Reckless driving is defined as "operating an automobile in a manner which endangers life and limb."

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and diet habits should be encouraged. But when necessary there's no harm in taking nujol, since it works mechanically, and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how you are feeling because it is so pure and harmless. (N) orks so easily! Every woman should keep a bottle on hand. Every druggist has this remarkable substance. Get the genuine.

Hoyt Death Not To Alter Plans At Brick Works

It is reported that there will be no change in the ownership of the brick works following the death of William S. Hoyt, president of the Pacific Brick and Tile company.

Hoyt, one of the city's well known citizens, was a pioneer in the brick industry in this city. The Richmond Brick works, famous for its color, have gained a wide reputation on the Pacific coast from Vancouver to San Diego. Because of the iron in the clay here the brick attained a color which could not be reproduced elsewhere. The product of the company was used in the building of the Richmond Union high school. Hoyt had recently completed a new home in the Kenilworth district and was a frequent visitor to Richmond where he personally supervised work at the local plant.

No More Gas In Stomach and Bowels

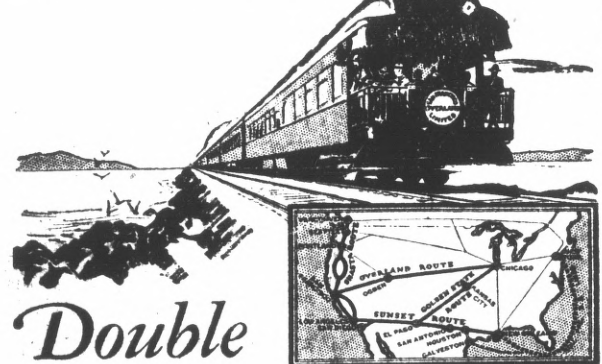

If you wish to be permanently relieved of gas, indigestion and bowels, take Basinann's Gas Tablets, which dissolve in water, and you will again be able to take a deep breath without discomfort.

That slow, aching feeling after dinner will be replaced by a desire for entertainment. Floating will, cramps, your limbs, arms and fingers will no longer feel cold and "go to sleep" because Basinann's Gas Tablets prevent gas from interfering with the circulation. Get the genuine in the yellow package at any good drug store. Price 25c.

LOW FARES EAST • MAY 22

Double the enjoyment

of your trip east—go one way, return another When the low summer fares are in effect, May 22 to Sept. 30, you appreciate all the more Southern Pacific's option—go one way, return another.

At a cost no more than the greatly reduced excursion fares you can, for example, go East over the SUNSET ROUTE, via San Francisco, Los Angeles, El Paso, San Antonio, New Orleans and return via the OVERLAND ROUTE, Chicago direct across mid-continent to San Francisco. Use Southern Pacific's varied routes. See more of your America. Broaden your horizons. Only Southern Pacific offers choice of four great routes: OVERLAND ROUTE, SUNSET ROUTE, GOLDEN STATE ROUTE—Los Angeles via Kansas City to Chicago and KANSAS ROUTE via Pacific Northwest.

In style of trains, too, you have your choice. If it's the utmost in luxury you want there is a train on every route to serve you. Or you can find comfort with economy on trains carrying Tourist sleepers and All-Day Lunch cars (like cafeterias).

CHRONIC CASE OF SORE LEG;

LIMB TURNED BLACK; AM- putation FORECASTED BY FONG WAN

Oakland, Cal., 1928.

To Whom It May Concern:

About 15 years ago I underwent an operation that left my leg in an ulcerated condition from which I suffered a great deal. I treated with many healers, but got no relief. One wanted to amputate on the leg; another wanted to amputate it.

About two and one-half years ago my leg turned black and I was not able to wear a shoe. A friend told me about Fong Wan, so I consulted him. After following his instructions as to diet and taking the herbs that he compounded now after eleven months my leg is in normal condition, and I am in perfect health.

MRS. MAIY HUTH,

DIPLOMATS TO STUDY GANN STATUS

WASHINGTON, April 9.—(U.P.) Secretary of State Stimson has passed the bulk of the problem of the status of Mr. Edward J. Gann, state and foreign affairs, back to the diplomatic corps.

Stimson informed the diplomatic corps that it must solve the problem of the status of Mr. Gann, who is a citizen of the United States, but who has been declared a foreigner by the state of California.

In sending out the notice, Stimson merely was transmitting the decision of the diplomatic corps, a decision by the state department.

Meeting Called.
See E. J. Howard informed the United Press he would call a meeting of the diplomatic corps at the British Embassy for tomorrow to discuss and settle the question of Mr. Gann's position.

Ambassador Carlos Davila who dinner party at the Pan American Union Thursday night will be the first test of the new situation.

Conference Held.
Embassy placed by Stimson and the fact and country shown the vice president of Mrs. Gann's wife, interpreted as a step toward a settlement of the Gann case.

Stimson's announcement of Stimson's action today followed a conference at the State Department between him and the British and French ambassadors.

During the month 493 persons visited the center for treatment and consultation and 78 persons were treated at the health clinic.

W. O. Sievers Asks Divorce

MARTINEZ, April 9.—(U.P.)—Mental cruelty, William O. Sievers of Richmond today filed suit for divorce from his wife, Mrs. Frances Sievers. He asks custody of a minor daughter. The couple married in 1927 and separated last Friday, according to the complaint which was filed through Attorney Tsar N. Calfee.

H. E. Swart Rites Today

Funeral services will be conducted from the Wilson and Kratzer chapel at two o'clock this afternoon for H. E. Swart of Oakland, brother of Adelbert Swart of Richmond. Cremation will be in Berkeley. Swart died Monday at an Oakland hospital. He was 59 years of age, a native of Michigan and had lived in Oakland 20 years.

Key Installing New Wires Here

More than two miles of new trolley wire is being installed in Richmond by the Key System Transit company, according to H. P. Bell, vice-president in charge of engineering for the Key System Transit company. According to Bell the new wire is being installed on Twentieth street, from Pulman avenue to Macdonald avenue over both of the transit company's tracks; on Macdonald all avenue from Twentieth street to Twentieth street, both tracks; and from Sixteenth street to Garrard boulevard. The work will cost \$12,000 Bell declared.

CONGREGATION INMAN DIVORCE SUIT NEAR JURY

CHICAGO, April 9.—(U.P.)—Police searching for five masked bandits who held up the First Rumanian Hebrew congregation and escaped with \$20,000 in money and jewels today expressed the belief that the robbers were familiar with the operations of the church.

Eighty members of the synagogue were gathered at a special meeting last night to hear Victor Phillips of Bucharest, Rumanian envoy, and Lawrence Bunge, Rumanian consul here, tell of plans for the tenth annual celebration of the union of Rumanian people in Bucharest, May 10. The church was visited by Queen Marie during her stay in Chicago.

The bandit quintet, wearing handkerchiefs over their faces, cut all telephone wires leading into the building and forced Rabbi Harry Goldstein to permit their entrance.

The victims were robbed systematically by four of the bandits while a fifth stood guard at the entrance. Rings were taken from the fingers of the women and wallets and tip-ins from the male members. Each one, after being robbed, was made to stand against the wall.

Members of the congregation were reported to have recognized some of the bandits and the homes of suspects were watched today.

Charges Against Woman Dismissed

Charges of contributing to the delinquency of her two minor daughters, against Mrs. Dorothy Bygle of San Francisco, were dismissed by Police Judge C. A. Odell here yesterday. Mrs. Bygle was arrested on the complaint of her mother, Mrs. Joanna Wagner of Walnut Creek.

She was arrested after she had stepped down from the witness stand in a San Francisco court Monday. She had been testifying for Clifford Elwood, a boarder, who was charged by her husband with theft of the family car. It was alleged by Bygle that his wife and two children disappeared with Elwood. But Mrs. Bygle declared that she drove the car away herself. Charges against Elwood were dismissed.

Richmond Youth Facing Trial

Facing charges of assault with a deadly weapon as the result of an attempted holdup of an Oakland hotel several months ago, John Brennan, 17, of Richmond, was held to answer to the superior court in Alameda county recently.

According to police, Brennan and Harry Steiger attempted to rob the Metropole hotel in Oakland on Feb. 16, last. Steiger was shot and killed and Joseph Lee, the hotel clerk was badly wounded in a gunfight with the alleged bandits.

The case will go to trial within 30 days, it was announced.

Mrs. Zimmerman Rites Conducted

Funeral services for Mrs. Mary Zimmerman, 57, were conducted yesterday from the Wilson and Kratzer chapel under the direction of Rev. C. G. Lindemann. Cremation was at Berkeley. Deceased was the wife of John W. Zimmerman and was a native of Kansas. She was a pioneer resident of this state and of Richmond.

MARTINEZ WILL ASK NEW S. P. DEPOT

MARTINEZ, April 9.—The Southern Pacific company will be petitioned to erect a new passenger and freight station here following a decision reached by the directors of the chamber of commerce at a meeting here last night.

While the railroad company is understood to be planning the building of a new station here, no definite statement has been made. The chamber directors expressed an opinion that the present depot will be inadequate after the Martinez-Benicia bridge and other extensive improvements are completed.

A survey of the waterfront property reclaimed by the city was asked in resolutions to be forwarded to the city council. The directors feel that this improvement completed at a cost of \$75,000 will be useless until the property has been surveyed and plotted into lots.

A survey of possible landing fields for airplanes will be made by a committee appointed by R.

Cushing To Bid For Street Work At County Seat

MARTINEZ, April 9.—A conference between George W. Cushing, Richmond contractor and city officials and property owners on Alhambra avenue was held today to discuss a verbal offer declared to have been made by the contractor in regard to the paving of a portion of the thoroughfare.

Cushing in his verbal offer is said to have made the statement that he could do the paving required at a figure considerably lower than that made by the Hutchinson company.

Following the conference, during which all phases of the proposed improvement were discussed, Cushing agreed to submit a written proposal to the council on Wednesday of next week.

REBELS PREPARE FOR LAST STAND AGAINST FEDERALS

Continued from Page 1)
federal commander approaching the city as the head of a strong column of federals.

Prieto was leading his soldiers on the city from Guadalupe, 10 miles east of Juarez. He rode in a battered old flyover, and was accompanied by a cavalry company, which clashed with a small band of rebels four miles out of Guadalupe, just after the march started.

U. S. PLANES IN WARNING TO REBELS

NACO, ARIZ., April 9.—(U.P.)—Eighteen United States army airplanes sent to Fort Huachuca after Mexican rebels had dropped bombs on the American side of the international boundary line, flew over Arizona border towns today to cheer harassed communities.

Both Americans and Mexican federals cheered wildly as the planes passed over Naco, strung out in Indian file.

The demonstration perhaps served to warn insurrectionists that the United States planned to patrol its border from the air in

case of further Mexican revolutionary skirmishes.

There seemed little chance for another rebel attack on Naco, Sonora, tonight, but it was thought that General Fausto Topete was preparing for a third assault on the federal garrison.

REBEL REINFORCEMENTS PASS THROUGH NOGALES

NOGALES, Sonora, April 9.—(U.P.)—Six hundred rebel soldiers believed enroute to join the army of General Fausto Topete, south of Naco for a renewed attack on the town, passed through Nogales today.

The insurrectionists, presumably a detachment from the column of General Francisco Manzo, who is retreating from Mazatlan, Sinaloa, came here from the south on a special train. Among their equipment were three cannons and a number of machine guns.

ATWATER KENT RADIO

Electro-Dynamic Console-Complete

A Truly Sensational Value in every way

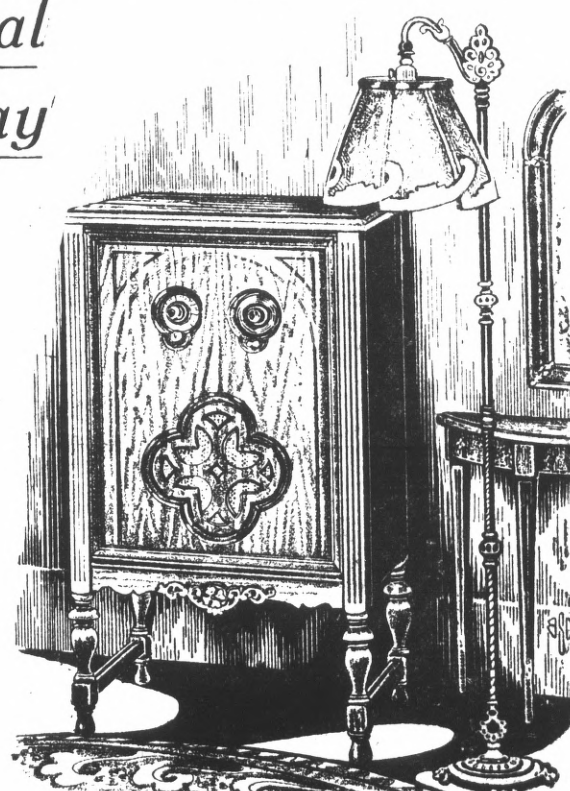

---and the latest

Atwater Kent, too!

A real gem... a cabinet of fine walnut, exquisitely finished, bringing out every line and shade of the natural wood itself; particularly attractive speaker grill, front panel of selected walnut, just decorated sufficiently. Cabinet has back and stands 38 in. high, 22 in. wide, and 14 1/2 in. deep.

Come to Breuner's and hear this masterful instrument demonstrated

It is fitted with the very latest Atwater Kent set, a sensitive, compact receiver, with all the quality and tone for which Atwater Kent is famous. For real and lasting value this console is the finest we have ever offered. You will be sure to like it.
